

Immigration PE worksheet

1. Mandatory tests:

Blood Quantiferon Gold TB test (for age 2 and older) self-pay \$98

Blood RPR test for syphilis (for age 18-44) self-pay \$11

Urine Gonorrhea (for age 18-24) self-pay \$80

(Blood draw at my office: \$10 blood draw/handling fee per person)

2. Titer check if you don't have the immunization records (outside titer check within one year is valid):

MMR titers

Varicella titer (Chickenpox history can replace this titer test!)

Hepatitis B titer

3. Vaccines (if you don't have immunization records and don't want to check the titers):

DTap (for age 2 months to 6 years old)

Tdap (for age 11 and older) self-pay \$65

MMR (for age 1 to 65) self-pay \$110

Hib (for age 2 months to 5 years old)

Hepatitis A (for age 1-18)

Hepatitis B (0 through age 60) self-pay \$65

meningococcal vaccine (for age 11-18)

Varicella (for age 1 and older). Self-pay \$ 170.

pneumococcal (for age 2 months- age 5; age 65 and above- requires one dose of Prevnar 20)

flu (when it is available), self-pay \$35

COVID vaccine (the 2023/2024 version is required)

Polio- IPV (for age 2 months and older)
